2. I cleaned all the Intersections and cleaned all the bridge surfaces.
3. Charged up the batteries on the 1066 and greased got ready to work. I have used it already on Carsonville road cutting brush back.
4. I did some grading and pothole filling on Carsonville Road over the Mtn.
- 5 I loaded up all the old steel we had and took it to One stop. We got \$90 for it.
6. I purchased an air compressor at tractor supply. Got some attachments so I can pump up tires and also blow equipment off after using.
7. I picked up 2 loads of 2RC at the Quarry for Hemlock so I can fill in spots where needed.
8. I graded Hemlock Road extension so it can be seal-coated. We have 16-18 foot width there now.

9. Purchased a medium duty brush hog, 6 foot wide from Messick's so I am able to mow more often on the shoulders. It cost \$1200. And in doing that I was able to mow Back Road, White Oak, Middle Road, West Cross Road and weed eat at the same time. It took a little less than 10 hours. I still have Carsonville and Hemlock to do.

10. I have been in contact with the weed sprayer and he is looking at the middle of June for spraying culverts and guard rails.
