

JEFFERSON TOWNSHIP
Special Meeting
Carsonville Fire Company Building
August 18, 2010

CALL TO ORDER

The August 18, 2010 Special meeting of the Jefferson Township Board of Supervisors was called to order at 7:30 PM by Vice-Chairman Margaret Peterson.

Members present:, Vice-Chairman Margaret Peterson, Supervisor Keith Crum

Secretary present: Robyn Loesch

Guests present: Ed Fisher, John Witmer, John Laskowski.

The purpose of this Special meeting was to hold a workshop with the Township Engineer, Ed Fisher, in preparation of required updates to the Township's Stormwater Ordinance and Floodplain Ordinance.

Stormwater The County has developed a new county-wide Stormwater Management Plan. The major change to the stormwater plan is that there will no longer be exemptions for direct stream discharge for any new construction. There are a few procedural/process decisions that the Supervisors will have to make. They are:

- Should language be included to have stormwater plans be reviewed by the local Planning Commission
- The number of copies of the site plan to be submitted by the applicant. Do we need more than the five copies required in section 803 of the Plan
- How many days in advance of a Meeting does the Township require submission of the site plan
- Include language that the applicant is responsible to distribute site plan copies to the agencies listed in section 803.
- Does the Township want to develop the optional Article VI dealing with Riparian Buffer requirements
- Set a fine for violations under section 1205

Floodplain Dauphin County Conservation District and DCED have both developed model ordinances. The one from DCED meets the minimum FEMA requirements. The one from DCCD is more detailed. Several errors were found in both of these ordinances; some but not all were corrected today by DCCD. Ed Fisher will contact DCCD about some details in their model.

PUBLIC COMMENT (9:00)

ADJOURNMENT

Margaret Peterson motioned to adjourn the meeting, second by Keith Crum. All were in favor and the meeting adjourned at 9:03 PM.
